Being a true friend & brother

An unknown amount of time has passed since Inuyasha rescued Kagome & brought her home. Yet he disappears as the well's power magically vanishes as it drags him along.

He remains unconscious for a while until he is spotted by a small boy with a red & white shirt with black hair as he sees the half demon on the ground. The child approaches to Inuyasha as he pokes the half demon's head. But yet hasn't moved. The child placed his hand on Inuyasha's face as he feels his warm skin.

The child: Hmm he seems all right. But what's he doing in the middle of the backyard?

Suddenly a call was heard. There approached was a man & woman who happen to be the child's parents.

Man: Come on Bobby it's time for dinner.

Woman: That's right young man. You'd better get a move on or else your foods going to be cold.

The child named Bobby couldn't get eyes off of Inuyasha as he tells his parents of his discovery.

Bobby: But mom, dad, I can't leave this white haired man out here.

The parents looked at each other with confused faces.

Man: What's he taking about Martha?

Woman: I have no idea Howard.

Bobby walks up to his parents & leads them to Inuasha as they show shocking expressions.

Howard: By golly! Bobby wasn't kidding!

Martha: Indeed. Lets get him inside & make sure he recovers.

The child & parents took the half demon into the house to have him recovered.
